DETAILED ACTION

Election/Restrictions

It is noted that the instant application contained a restriction requirement between claims 1-3, 7-9 and claims 10-12 issued in the office Action dated 8-30-2006. It is also noted that the restriction requirement was not addressed in either the after final response dated 11-29-2006 or the Applicants' response under 37 CFR 1.114 filed on January 3, 2007. The Office policy is that the applicant cannot, as a matter of right, file a request for continued examination (RCE) to obtain continued examination on the basis of claims that are independent and distinct from the claims previously claimed and examined (i.e., applicant cannot switch inventions by way of an RCE as a matter of right). (See MPEP 819). Thus, the invention drawn to a process in claims 10-12 (which does not have the same or corresponding technical features as the invention drawn to a product claims 1-3 and 7-9) is still restricted from the product claims and is withdrawn from further consideration.

It is also noted that the rejection issued in the Office Action dated 8-30-2006 inadvertently included claim 10 drawn to a process in the art rejection of the product claims. However, it is clear from the record that the process claims 10-12 were restricted from the product claims. It is also noted that the applicants arguments are not addressing any of the process limitations.

The examiner regrets any inconvenience that this error may have caused the applicants.

Allowable Subject Matter

Claim 1-3 and 7-9 are allowed. No prior art of record discloses a polyester (whether for toner binder or not) comprising specifically defined alcohol component that contains less than 15 ppm of unreacted bisphenol compound. The record shows that similar polyesters obtained by conventional methods contain amounts of unreacted bisphenols higher than the claimed 15 ppm amount.

This application is in condition for allowance except for the following formal matters:

Non-elected claims **10**-12.

Applicants should note that the term "ether" on line 2 of claim 8 is misspelled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
